PREREQUISITES: AR 1360 Visual Fundamentals I

COURSE DESCRIPTION:

AR 1370, Visual Fundamentals II, is the second section of an introductory level lecture/studio course in two dimensional design that will further develop an appreciation and understanding of the basic elements and principles of design in the visual arts. Students will deal with the basic fundamentals of art while developing a critical insight and working knowledge of design.

COURSE IN PERSPECTIVE:

AR 1370 will broaden the students understanding of the basic elements of design: form, line, shape, value, texture, colour, space and the principles of organization: rhythm, balance, scale/proportion, and movement. With an emphasis on exploration and production of concepts and visual images. The student will continue to explore seeing/identifying, imagining and problem solving with emphasis on an individual and collective creative approach. There will be illustrated lectures and films to convey specific concepts. Demonstrations of techniques and materials will be given to further the exploration capabilities of the student thus contributing to an understanding of the relationship between art and other disciplines.

Visits to private galleries/and studios will be encouraged. There will be guest lectures and visiting artists.

COURSE OBJECTIVES:

Students will:

1. learn to perceive, identify and apply the basic elements of art, principles of design and the creative process. They will begin to communicate visually expressed information while understanding natural and abstract relationships.
2. continue to equip themselves with a visual and verbal vocabulary.
3. continue to develop and broaden a critical and aesthetic criteria.
4. broaden their awareness, understanding and aesthetic appreciation of art.
5. further identify their own values in relationship to their environment.
6. develop basic skills and techniques.
