

- Regular classroom attendance is expected. Each assigned reading should be studied both before and after it is discussed in class. Homework assignments, whether or not handed in should be completed to develop your understanding and application of the principles and practices.
- Assignments should be considered as professional submissions or presentations that would be prepared either for a client or a supervisor. Therefore, assignments should be neat and well organized. The assignments need not be computer generated, but should contain proper spelling, grammar, and should in the appropriate format for accounting statements. They should communicate the required information in an effective and efficient manner. Marks may be deducted for spelling, grammar, and other presentation errors.
- This course requires students devote considerable time outside the classroom and thus it is imperative that students do not fall behind in readings and problems.
- **Moodle** is a Learning Management System used to improve communications between the Instructor and the Students. Important dates, documents, and announcements will be posted on **Moodle** and the Instructor will use the e-mail function of **Moodle** to send information to students. Please check your GPRC Student e-mail account regularly.
- **PowerPoint** slides will be used and will be available for download from **Moodle**.
- Unofficial Student Marks will be posted on **Moodle**. Official Final Grades will be communicated via Student Services.
