

DELIVERY MODE(S):

On-campus (face-to-face) – This type of course will be delivered on campus in a specific location which will be indicated on the student timetable. Students are expected to fully attend in person.

LEARNING OUTCOMES:

Upon completion of this course students will be able to understand and explain:

- scarcity, choice, and opportunity cost are at the heart of economics and the efficiency provides a major cornerstone
- the production possibilities model and use it to illustrate choice and opportunity cost, as well as efficiency and unemployment
- the fundamental concept of demand supply and the market equilibrium
- the causes and effects of a change in demand and a change in supply
- what is a price ceiling and why price ceilings cause shortages
- what is a price floor and why price floors cause surpluses
- how quotas work and what effect have on production and prices
- how sales taxes and subsidies affect competitive markets
- price elasticity of demand and its determinants, the relationship between the slope of a demand curve and elasticity, and how this affects the total revenue of the producer
- the supply elastic, income elasticity, and cross-elasticity of demand
- the law of diminishing marginal utility and how it is applicable to real-world examples
- the relationship between productivity and costs
- the difference between the accounting profit and economic profit
- the difference between fixed costs and variable costs, and the short run and the long run
- what is meant by economies of scale, diseconomies of scale, and constant return to scale
- what is meant by perfect competition and the market system
- how a firm might maximize its profits with two approaches and what is meant by break-even price and shutdown price
- benefits and failures of competitive markets and how governments deal with external costs
- what are positive and negative externalities and how externalities affect economic efficiency
- what monopolies are, how they come into existence, and how the profit-maximizing output and price are determined for a monopolist
- the difference between the monopolistic competition and oligopoly
- the difference between the competitive labour market and monopsony
- the relationship between the marginal revenue product of labour and the demand for labour

STUDENT RESPONSIBILITIES:

Attendance: Students are expected to attend all scheduled lectures, arrive on time, and remain for the duration of the activities. Arriving late and leaving early is disruptive to the entire class. Frequent tardiness may be treated as an absence. **Students with absences in excess of 6 classes may be refused permission to write the final exam.** For more information, please refer to

Email: Email is the preferred option to communicate with your instructor. **Email correspondence to your instructor must be sent from your NWP student email account.** Emails should be professionally formatted and include a subject, correct spelling and grammar, and a reference to course material and/or textbook pages, etc. Emails that do not adhere to this format may not be responded to.

Recording: Photographing and/or recording course content is strictly prohibited unless advance permission is obtained from the instructor and any guest presenter(s). In the event permission is granted, such recordings may only be used for individual study, and may not be reproduced, transferred, distributed or displayed in any public manner.

STATEMENT ON ACADEMIC MISCONDUCT:

Academic Misconduct will not be tolerated. For a more precise definition of academic misconduct and its consequences, refer to the Student Rights and Responsibilities policy available at <https://www.nwpolytech.ca/about/administration/policies/index.html>.

**Note: all Academic and Administrative policies are available on the same page.

ADDITIONAL INFORMATION:

SMART BOOK, ASSIGNMENTS, QUIZZES AND EXAMS:

Students are expected to complete all assignments and quizzes and submit them before the due dates. Late/missed assignments and quizzes are NOT accepted and will result in a grade of zero. All exams will be written as scheduled. No rewrite/rescheduled exams will be given, and all missed exams will result in a grade of zero unless there is an excusable absence and prior arrangements have been made with the instructor. If there is a legitimate reason for absence, the weighting of the missed midterm exam will be added to the final exam weighting. Course materials (course outline, lecture notes, connect instructions, etc.) are available on your *D2L* course space. Smart Book (SB) modules, assignments, and quizzes are available on *Connect*.

Smart Book (SB) Modules

- Each chapter covered will have an associated Smart Book Module for the student to complete.
- These lessons are interactive and are intended for the student to use as a study tool. There are no marks associated with the SB Modules.

Assignments

- There are 12 assignments throughout the semester. The best 10/12 accounts for 10% of the final grade with each assignment worth 1% of the final grade, regardless of the length of the assignment.
- Students will be given a maximum of two attempts at each assignment.
- The assignments will be marked immediately once submitted. Corrections for the attempted assignments will be made available to the students immediately.

Quizzes

- There are 12 quizzes throughout the semester. The best 10/12 accounts for 20% of the final grade.
- Each quiz consists of 20 multiple-choice questions.
- Students will be given a maximum of two attempts at each chapter quiz.
- The quizzes will be marked immediately. Corrections for the attempted quiz will be made available to the students after the due date.
- Once you start the quiz, you must complete it within the one-hour time limit. Logging off or losing the internet connection during the quiz will result in a grade based only on the proportion of the quiz that has been completed. It is imperative that the student has a reliable internet connection when attempting the quiz.

Exams

- The midterm exam will be written upon the completion of Chapter 7 and is tentatively scheduled for *Thursday, November 3, 2023*.
- The final exam is cumulative and will be scheduled by the registrar's office during the December exam period (*December 14 – 21*).
