DELIVERY MODES:

Using the course textbook and the GPRC Moodle learning site students read, take quizzes in addition to a midterm and a final exam.

COURSE OBJECTIVE:

In this course, we will cover the basic principles of business law in Canada. This course is delivered from the perspective that the law plays an integral part in business decision making. It offers ideas, resources and tools for protecting business assets, resolving legal conflicts, and

complying with the law. Some of the main areas touched upon include: the Canadian legal system, contract law, forms of business organization, property law and torts.

COURSE OUTCOME:

By the end of this course, students will be able to:

- recognize, interpret, and evaluate the fundamental legal concepts, legislation, and legal issues important to Canadian business, to better manage risk;
- Analyze and apply legal concepts to specific legal business problems and suggest appropriate legal remedies;
- Assess real-life legal problems in order to formulate creative solutions;
- Value law as a “real life” practical subject, not as a matter of theory or history.

CLASS PARTICIPATION:

Students are strongly encouraged to review the assigned chapter readings with study questions and scenarios to follow prior to each class. Students should be prepared to discuss the assigned material and contribute to class discussions each week. **Ten percent (10%) of student’s overall grade will be based on their class participation and attendance, at the instructor’s discretion.**

TAKE HOME QUESTIONS:

A set of questions will be posted on Moodle every week, which students are to complete and submit using the online system prior to when they are due. These question sets will be graded on a pass/fail basis based on the student’s demonstration of their understanding of the material. Each student will be permitted 3 failing/incomplete grades and the remainder will make up a portion of the student’s final grade, as described in the Grading Criteria.

EXAMINATIONS:

You will be tested on your understanding of and ability to apply the concepts presented in class and in the readings. Textbook materials, class discussions, videos or any materials distributed in handouts may all be used for the quizzes or exams. The final exam WILL cover material from the start of the course. More detail on the exams will be provided as the term progresses.

For each of the Midterm and the Final students are permitted to bring in one page of notes – the “cheat sheet”. This cheat sheet may only be of standard size paper (8.5 inch x 11 inch), and only one side may be used. Upon the conclusion of each exam the cheat sheets must be handed in with the final exams and will not be returned to the students. No cheat sheet is permitted for the quizzes.
